01. Introduction

We are pleased to submit this proposal for the custom web application development project. ElMawqe3 specializes in delivering high-performance, scalable web platforms designed for seamless user experience and modern software architecture.

Our team focuses on clean code, automated workflows, and precise visual standards to deliver solutions tailored to your business growth.

02. Project Overview

This proposal outlines the technical strategy, phase roadmap, cost estimates, and delivery milestones for building your quotation generator platform. The project aims to transition manual document creation into an automated, interactive web application.

By integrating real-time frontend editing with robust backend C# REST services and QuestPDF engine generation, your team will achieve consistent branding and error-free document generation.

03. Project Features & Deliverables

Interactive Quotation Editor & Form Wizard

- Dynamic client metadata and project detail inputs
- Real-time visual preview matching exact Figma specifications
- Instant client-side form validation with server-side error checking

QuestPDF Backend Engine & REST Service

- High-precision vector PDF generation matching document layout
- Direct binary streaming endpoint for seamless PDF downloading
- In-memory quotation repository with clean CRUD management

04. Proposed Technology

ASP.NET Core 9
Backend API

React 18
Frontend UI

TypeScript
Language

C# 13
Backend Language

05. Project Phases & Deliverables

- Phase 1** **Discovery & Requirements Analysis**
Gather comprehensive requirements and establish document schema.
- Phase 2** **Architecture & API Specification**
Design REST endpoints, DTO models, and validation logic.
- Phase 3** **Core Development & QuestPDF Engine**
Implement business logic, repository, and QuestPDF rendering engine.
- Phase 4** **Frontend React UI & Live Preview**
Build interactive form editor and Figma-matching live preview.
- Phase 5** **Testing, Verification & Deployment**
End-to-end testing, API validation, and production packaging.

06. Timeline & Milestones

PHASE / MILESTONE	TIMELINE	TARGET DATE
Phase 1: Discovery & Requirements	1 Week	Nov 01, 2026
Phase 2: Architecture & API Design	1 Week	Nov 08, 2026
Phase 3: Core API & Validation	2 Weeks	Nov 22, 2026
Phase 4: Frontend UI & QuestPDF Engine	2 Weeks	Dec 06, 2026
Phase 5: Testing & Deployment	1 Week	Dec 13, 2026

07. Cost Estimates & Total Cost

ITEM / DESCRIPTION	QTY / HRS	RATE	TOTAL
Backend API Architecture & REST Service Development	40	USD 75.00	USD 3,000.00
QuestPDF Vector Document Engine Integration	24	USD 75.00	USD 1,800.00

ITEM / DESCRIPTION	QTY / HRS	RATE	TOTAL
Interactive React Frontend & Figma-Matching Live Preview	36	USD 75.00	USD 2,700.00
Data Validation & Quotation Repository Service	16	USD 75.00	USD 1,200.00
Quality Assurance, Testing & Deployment Setup	16	USD 75.00	USD 1,200.00

Subtotal: USD 9,900.00
TOTAL COST: USD 9,900.00

08. Payment Terms

MILESTONE	%	AMOUNT	CONDITION
Initial Project Deposit	30%	USD 2,970.00	Due upon contract signing
Core API & PDF Engine Milestone	30%	USD 2,970.00	Due upon completion of Phase 3
Final Delivery & Handover	40%	USD 3,960.00	Due upon final acceptance & launch

TERMS & CONDITIONS

This proposal and cost quotation is valid for 30 days from the date of issue. All deliverables and timeline estimates are subject to mutual contract agreement.
